

T/5x

SUGGESTED RETAIL: \$1,499.00

No model in REL's long history has sold more units nor engendered more affection than our T/5. Here reimagined in a modern, elegant, new form factor, T/5x's mission remains the same: make remarkable bass far beyond its modest size, do so in a way that complements every interior's style, and eliminate all visual distraction. Mission Accomplished.

Designed for Elegance

STUNNINGLY SIMPLE

Perfect for small and medium rooms, T/5x seats perfectly into any décor. Floor-firing is part of its secret; bass energy strikes the floor and spreads uniformly throughout the space making it perform like a larger model. For those picky about style, the hidden bonus is this design eliminates even the grill, rendering it the purest of forms.

Slightly larger in volume than its predecessor, it actually appears to be smaller due subtle design changes to minimize it's visual presence. Finally, 5 hand polished coats of lacquer in your choice of High Gloss White or Piano Black add luster to the softly rounded cabinetry.

T5x Small and Powerful

03/23/24

TOP

I have recently purchased a white T5x. It is compact yet powerful. The visual aesthetic and the sound of the speaker are not overpowering in the room yet wonderfully complement my B&W bookshelf speakers. I am seriously considering purchasing a second T5x to create a true stereo system.

A very satisfied customer.

Second T5x from Rel

I took the plunge and added a second t5x during their current sale. I knew what I was buying given I have had one for the last 12 months. Absolutely blown away by the product (stereo pair sounds great) but almost as importantly the customer service. Within an hour of the delivery I had a call from the team at the factory offering tech support and ...[Read More](#)

Fabulous stereo T5xs

Running twin T5X subs have really transformed the musicality and sound of my Naim Uniti atom/KEF LS50 meta system. Easy for a noob like myself to set up and instantly transformed the quality of sound.

“The T/5x is a fabulous little subwoofer that grabs your attention for the sheer musical joy and engagement it brings to music. It represents one of the most effective upgrades I’ve heard to enhancing an audio system’s performance at the price.” [Read More +](#)

“The low end of the Soul 6 is tight and punchy, with a solid bass foundation that can move a room. I wish it had a little more bass, but the Soul 6 is a solid speaker.” [Read More +](#)
